

Sisters of the Most Precious Blood

Press Release

November 2015

Change of Ownership of Villa Theresa Haven and the Inn at Villa Theresa

The Sisters of the Most Precious Blood are pleased to share some exciting news about the future of Villa Theresa, the continuum of care facility located on their campus in O'Fallon, Missouri. They have entered into an agreement with Mount Carmel Senior Living to purchase Villa Theresa Haven and the Inn at Villa Theresa. The transfer of ownership and management should be completed in early 2016.

The Sisters feel it is time to bring in new ownership to Villa Theresa that can maintain the high quality of care that is currently provided to their residents and also take it a step further by expanding and enhancing the services and facilities offered.

Mount Carmel Senior Living is the current owner of Mount Carmel Senior Living Facility in St. Charles. They have a long-standing reputation for innovation and excellence in caring for older adults in a faith-based full continuum of care environment. Chris Brown of Mount Carmel Senior Living will become the new executive director of Villa Theresa and will oversee the transition to new ownership and management.
