

Circle Training Survey

We, Precious Blood Spirituality Committee, would like to offer members of our Precious Blood families the opportunity to participate in Circle Training Workshops. We offer this as a restorative practice in this special Jubilee Year of Mercy.

The circle process is a restorative practice, a way of healing relationships, reconciling victims and offenders, of telling stories and/or celebrating milestones in families and communities. Circles can be used in schools, churches, hospitals, homes, wherever people gather for healing, reconciliation and peace.

If there is interest within our CPPS communities, Precious Blood Ministry of Reconciliation (PBMR) would be willing to offer trainings in at least 2 sites (to be determined depending on registrations) during 2016. (April and October)

The training is a 4-day commitment usually starting on Monday evening and concluding Friday early afternoon. Other options could be offered depending on the needs of those who register.
