

July 8th 2020

TO: UNANIMA International Members

Dear UNANIMA International Board of Directors, Leadership Teams, and Grassroots Members,

We hope this letter finds you all safe and well. I am writing to each of you today with the hope that you will contribute to our gathering of reflections and feedback on our recently released publications: [*Hidden Faces of Homelessness, International Research on Families*](#) and [*Family Homelessness, Through the Lens of the 2030 Agenda*](#).

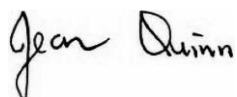

It was with great joy that UNANIMA International was able to launch our above mentioned publications at the United Nations and online during the 58th Commission for Social Development in the presence of our Board and Former Irish President Mary McAleese in February 2020. Now, five months later we are looking to you, our Members, to reflect on the publications and provide us with your feedback.

We hope that in recent months you have had the opportunity to access these publications either through your congregation or via our [website](#). If you would like to review the publications again, please click the links above or visit our website's [resource section](#). You will find each of the publications under the [Family Homelessness](#) subheading.

Please find attached a document with a number of reflective questions built around the publication in each of our working languages. We hope that this letter will be shared far and wide within our membership so that we can gather reflections from all around the world. As such, we would appreciate your sharing of this letter and the attached documents.

Please send your responses to director@unanima-international.org with info@unanima-international.org and your community's Director cc'd in. If you are unsure of who your director is you can visit the [Coalition Partners](#) section of our website. If possible, please ensure responses are sent to the UNANIMA International before **September 10th**. It is hoped that some responses can be highlighted at a Symposium to be held by UNANIMA International in October.

Warm regards,

Jean Quinn, DW
Executive Director
UNANIMA International
