

Date:
Senator Roy Blunt
260 Russell Senate Office Building
Washington, D.C. 20510

Dear Senator Blunt,

My name is

As a faithful Catholic _____ and your constituent, I am writing to implore you to ensure that meaningful immigration reform be reinstated in the Build Back Better Act. There is overwhelming support on both sides of the political aisle supporting a pathway to citizenship for over 11 million undocumented immigrants, many of whom who have lived in this country since childhood. This is a pivotal issue for Congress that would greatly benefit local communities, families, and boost economic growth for this country. Throughout the coronavirus pandemic, millions of undocumented immigrants have risked their lives and the lives of their loved ones to promote health, safety, and prosperity of all Americans. They need protection from deportation, long-term work permits, life-saving health care, and the ability to travel abroad to see family from whom they have been separated. More than 17 million people across the country live in households with at least one individual who would benefit from the relief in the Build Back Better Act. You have the power and responsibility to decide what is in the final package and their future is in your hands.

The Sisters of the Most Precious Blood, with our own history of exile and migration, have made extensive commitments and investments toward the well-being of immigrants. We believe ALL life is sacred and we are all part of the larger human family. We share with you our dream through the words of Pope Francis. *“Let us dream, then, as a single human family, as fellow travelers sharing the same flesh, as children of the same earth, which is our common home, each of us bringing the richness of his or her beliefs and convictions, each of us with his or her own voice, brothers and sisters all.”* -Pope Francis, *Fratelli Tutti* (#8)

We are praying for you and all members of Congress as you deliberate our nation’s future direction. We urge your support for meaningful reform in our unjust immigration system.

Best Regards,
